RE: **Addendum # 1 – IFB Clarifications**  
**Addendum # 2 – Bid Due Date revision**

Dear: Prospective Bidder:

Attached please find NYSIF's Addenda # 1 and #2 for IFB D000120, ADA Ramp and Walkway Drainage.

There were no bidder's questions received. The attached addenda will become part of the IFB as Addendum # 1 and Addendum #2, and will also become part of the ensuing contract for these services.

Keep in mind that proposals must be received by NYSIF no later than 3:00 prevailing time, September 28, 2011. Thank you.

Sincerely,

Al Angelo  
Contract Management Specialist 2  
NYSIF  
15 Computer Drive West  
Albany, NY 12205

**ADDENDUM #1**

**September 16, 2011**

**DRAWING ITEMS**

**ITEM 1 REFERENCE: Drawing C-101**

ADD: the following general note to this drawing:

The Contractor may utilize the parking area (approximately one parking spot) adjacent to the loading dock located at the north east side of the building (as identified during the pre-bid walk through) for staging of materials and for access to the project during construction. The exact size this staging area shall be coordinated with the Owner.

**ITEM 2 REFERENCE: Drawing C-201**

ADD: the following to COORDINATION OF WORK notation:

The Contractor may restrict access to the entry served by the ramp / stairs for this project only as follows (and coordinated in advance with the Owner):

For two full days and one half day, beginning on a Friday at noon and continuing through to the following Tuesday morning at 7:00 pm, at which time access to the subject entry must be returned to the Owner.

**ITEM 3 REFERENCE: Drawing E-101**

ADD: a door operator assembly, similar to that shown for the exterior door, to the interior vestibule door (directly adjacent to the exterior door shown on the drawing), including, but not limited to:

- Falcon Electro-Mechanical Swing Operator
- 2 - LCN Surface Mount Box Model # 8310 -819S & LCN Jamb Mounted Actuator Model #8113-818T with a minimum mounting height of 3'-4"
- Connection to 120v/20A ckt. shown on dwg.
- Note 1 applicable to this installation
