RFQ 2018-99-IT

Amendment 1

#	Question	NYSIF Response
1	I'm looking for clarification on the Microfocus items requested for RFQ 2018-99-IT. The following was found on the fee schedule form. The SKU's do not correspond to anything that the manufacturer offers.	The SKUs included were sent directly from the vendor. The SAID# is 1046 0498 7840.
2	Please confirm that the purpose of the RFQ is to acquire support renewal of the Secure Key Manager products that NYSIF already has on site. (Not for the acquisition of new products.)	This RFQ is for the procurement of support only on products that NYSIF already has on site.
3	If the procurement is for support renewal, please confirm that the information listed on the Fee Schedule next to "SKU" are serial numbers.	Yes, they are serial #'s.
4	Are you aware that Micro Focus transferred ownership of its Atalla products (including Enterprise Secure Key Manager) to UTIMACO? This was finalized in mid-November 2018?	The RFQ as outlined is still valid despite the change in ownership.
5	Would it be possible to allow NYS Certified Small Businesses (other than MBE/WBE) to participate in this procurement directly? Our company understands the product line that you are procuring, doing business with New York State and New York State Insurance Fund. As such, we can add value to your agency?	This procurement is limited to MWBE and SDVOB companies.
6	Do you need new ESKM appliances? If so, how many client licenses? If not, is this just a support renewal?	See Question 2.
7	Are you aware that Micro Focus sold ATALLA inclusive of ESKM to Utimaco? With that said, is this RFQ still valid?	The RFQ as outlined is still valid despite the change in ownership.
8	Please provide the SAID numbers for this RFQ.	See Question 1.
