

New York State Insurance Fund
Procurement Unit

March 4, 2019

The following Clarifications (1, 2, and 3) will serve as Amendment #2 to NYSIF's Invitation for Bid (IFB) for Furniture and Equipment Removal Disposal, bid number 2019-07-RE. Material in this Amendment supersedes any contradictory material in the IFB.

Clarification number 1:

The use of a demolition bridge to remove materials through a window is allowed for this operation. The CONTRACTOR must provide engineered stamped plans of the bridge to be used with a safety plan for approval. Insurance requirement for the use of the demolition bridge will be increased to \$3,000,000 per occurrence/\$5,000,000 aggregate.

Clarification number 2:

A current floor plan 2 is being added to the IFB as Exhibit 2. It is for reference and planning only. The information on this floor plan is outdated.

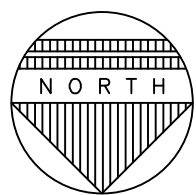

Clarification number 3:

Materials being removed include, but are not limited to modular workstations and panels, end tables, folding tables, chairs, shelving, file cabinets, chair mats, and accessories. NYSIF will clearly mark any materials which are NOT to be removed.

Please note that the due date for the submission of bids **remains unchanged**.

All bids are due March 14th, 2019 by 2:00 p.m.(eastern).

Sincerely,

ASBUILT DRAWINGS
