About NYSIF

NYSIF offers workers' compensation insurance at the lowest possible cost to New York State employers and provides timely, appropriate indemnity and medical payments to injured workers. That's been our mission since the creation of the original New York State Workers' Compensation Law in 1914. More than 100 years later, NYSIF continues to fulfill dual roles as a competitive carrier to ensure a fair marketplace as well as a guaranteed source of coverage for employers who cannot secure coverage elsewhere.
