

HEALTHCARE EMPLOYER GUIDE

FACILITIES DESIGN CHECKLIST

Place a check mark in the space next to each item you feel may be a problem area in your unit/dept.

Table with 3 columns: Factor, Problem, Location(s). Rows include: 1. Thresholds or obstructions in entry ways of bathrooms, showers, hallways that prevent access for assistive equipment; 2. Inadequate storage space; 3. Storage areas inconvenient to access/too far from unit/department; 4. Small or cluttered rooms, bathrooms, hallways or other spaces; 5. Door handles catch on beds, gurneys, wheelchairs or other assistive equipment; 6. Poor floor conditions: slippery, uneven, cluttered, etc.; 7. Steep ramps or inclines (greater than 10 degrees); 8. No grab rails by toilets or in bath tubs or showers; 9. Toilet seats too low; 10. Other:
