### FACILITIES DESIGN CHECKLIST

Directions: Place a check mark in the space next to each item you feel may be a problem area in your department/unit.

FACTOR	PROBLEM	LOCATION
1. High threshold or obstructions in entry ways of bathrooms, showers, hallways, that prevent access for assist equipment		
2. Inadequate storage space		
3. Storage areas inconvenient to access/too far from unit/dept.		
4. Small or cluttered rooms, bathrooms, hallways or other spaces		
5. Door handles catch on beds, gurneys, wheelchairs, or other assist equipment		
6. Poor floor conditions. Slippery, uneven, cluttered		
7. Steep ramps or inclines (greater than 10 degrees)		
8. No grab rails by toilets or in bathtubs or showers		
9. Toilet seats too low		
10. Other areas of concern
